Football Sunday: Join us on Sunday, February 2nd from 12:00-4:00 for a great sale before the "super" game. We usually do a 15% off storewide but this year I just decided to bump it up to 25% off so come in and stock up so you are ready to stay inside and stitch up a storm no matter the outside conditions... lowa weather is on a

roller coaster of not so bad winter and cold as a witche's We've had the water freeze twice but currently it is running. This is also the last day we will have the Victoria Sampler models on display, then they are off to a new location.

Calendars: For those of you who picked up a 2014 calendar, I have a change for you to note. In June the All lowa Hop will run from June 1st thru the 30th – a whole month for you to gather charm squares from each store. Over 20 Hop is not happening. More details as they become available, but I can tell you there will be a new "lowa" themed fabric just for the hop. You can reserve yardage ahead of time but it will not leave the stores until June 1st. I know last year many people did not get the feature fabric because it was gone right away. I have Jennifer working on ideas for patterns for the new fabric and she did a great job last year with the wall hanging and machine cover.

March 4th – 29th Trunk Show: We will have counted canvas designs from Threedles Needleart Design. If you haven't seen any of these in person – they are impressive. Kurdy uses lots of interesting threads and bicone crystals/beads to glitz up geometric designs. Usually she gives three colorways so you can choose one you like best without having to worry about making your own color

substitutions if you don't want to do the one on the cover of the pattern. I have one all kitted ready to start on Koral Kiss canvas with blues, seafoam, fuschia and a touch of, yes, purple called A Different View.

Zweigart increase: Be aware that Zweigart has announced an increase in price for their needlework fabrics. At this point, I have not heard how much but just like postage it seems the only way is up lately.

Quilt Block of the Month: I have chosen a quilt to do for a monthly series called Celtic Crystals. I just got the cutting chart from the designer so I will be figuring out cost and fabrics to use. We will start as soon as I get my information together.

Newsletter Delivery: Let me know if you want an email when it is posted on our web site rather than receiving a regular mail copy – save paper and postage and your subscription won't run out if you're not in for awhile. Be sure to add our email address to your accepted emails.

Patterns: Thanks to Brooks Books, Caron Collection and HeartStrings for sharing their patterns.

TECHNIQUE TIP: Hand Applique Continued

There are many ways to do appliqué successfully. Last time I talked about the needle turn method. Freezer paper method is the subject now. Reynolds freezer paper works best. For the "up" method, place paper over your pattern with the shiny/waxy side down. You will be able to see through the paper and trace the shapes with a pencil. Cut out the shape on the line you drew without adding a seam allowance. Transfer shape to fabric by drawing around it and add 3/8" seam allowance when you cut the piece out. Place the freezer paper template on the back of the fabric piece with the shiny side facing you. Use a dry, hot iron to press the edges of the allowance onto the paper and it will stick to it. If you have inner points, clip the seam allowance. If you have outer points, pull the point straight up on the paper and then iron one side over the point and then the other to make a nice sharp point. Pin your shape in place and blind stitch the edges onto the background fabric. Take the paper out by either making a slit in the backing (at least 1/2" from sewing line or stitch around the edge except for an 1" and remove the paper before finishing the stitching. (I prefer not to cut the background as it can weaken your quilt.) Tweezers work good to reach in either opening and grab the paper to remove it. For the paper "down" method, trace design as before and place the shiny side down on your fabric. Cut around your template adding 3/8" allowance as you cut. Once again use a dry, hot iron to push the seam allowance up and over the freezer paper. When all edges are creased, the paper may be removed. Pin or glue the appliqué piece in place and sew around the edges as with the "up" method. If you use pins to hold your appliqué piece in place while stitching, use one pin on top to position it and then put the rest of the pins on the underneath side. The top pin can then be removed and your thread will not have a place to get hooked on while you sew.

You can also use a heat resistant Templar plastic to trace shapes, adding 3/8" allowance when cutting out. Then use a spray starch on a swab or brush to apply to seam allowance. When you iron the seam up over the Templar it will hold in place like sticking to freezer paper and plastic can then be removed before placing onto the background.

Two versions of this design are on our website. One was stitched with one strand of Wildflowers over two threads on 28 count handpainted Cashel linen. The other was stitched on 18 count canvas with one or one needlepoint stitch. The final design size will depend on the size fabric or canvas used. For help in determining how to use our threads, see our website: www.caron-net.com.

Just let me know your pleasure.

SIT AND STITCH - COME AND JOIN US!

"Sit and Stitch" will "officially "be on January 23rd, February 27th, March 27th from 5 to 8. During this time you can come to the shop and work on whatever project needs the most attention. If you need any assistance or have questions how to do things on your stitching pieces, I can help you with those as well. We have some friends that want to stitch together more than once a month and often come in on other Thursdays of the month that they are free. All are welcome.
